the training which is contemplated at present is of the type that

The Committees concurred in the agreement, after further discussion,
and requested that CIA prepare a memorandum of transmittal to USIB

(Revised 26 January 1962)

Agenda Item #2, Considered at the 16th

held on 18 January 1962.

Subject:

& NSA 25X9

References:

(a) USIB-CC-29.16/10 and EE-29.16/3,

(b) USIB-CC-29.16/9 and EE-29.16/2,
ITEM #2, 12th Joint Meeting, 17 November 1961.

PROBLEM:

To consider the Ad Hoc Group report provided with reference (a)
and to determine an appropriate recommendation for USIB concerning the
matter.

DISCUSSION:

& NSA 25X9

25X1X7

The CIA Member briefed the Committees on certain aspects of
US [REDACTED] SIGINT collaboration, and the scope and nature of parts of
the proposed programs.

It was noted that a generally unfamiliar title, "U.S. National
SIGINT Establishment (NSE)" was used in TAB A to reference (a). NSA
representatives hoped this title would be acceptable to the Members
since it was a convenient description to use in dealing with foreigners
and could be substituted for several lines of description. The Members
agreed to the use of NSE in Committee papers, subject to a footnote
explanation of the term.

SECRETARY'S NOTE

This agreement was overtaken by events when on 24 January 1962 in
the discussion of USIB-C-29.16/6 USIB decided that the term "U.S.
National SIGINT Establishment" should not be used.

After a discussion of reference (a) the Members agreed (1) to delete
paragraph 3.c. of the proposed memorandum to USIB, (2) to amend paragraph
5.a. of TAB B, placing a period after the word "activity" in the 2nd
line, and deleting the remainder of the paragraph. This was based on
recent information that [REDACTED] had decided to retain the [REDACTED]
& NSA 25X9 certain special tasks.

25X1A2g
& NSA 25X9

With the amendments indicated, the Committees approved the report
and agreed to submit it to USIB for consideration at the Board Meeting
scheduled for 24 January 1962.

- (c) USIB-CC-29.19/23 and EE-29.19/11,
15th Joint Meeting, 19 December 1961

PROBLEM:

To consider the Ad Hoc Group report provided with reference (a).

DISCUSSION:

The Members reviewed the Ad Hoc Group Report, and the Air Force Member referred to certain problems pertinent to the issues under consideration, namely: (1) the SAC communication problem, (2) MATS turn around, and (3) the [REDACTED] matter. He felt that these issues should be considered part of the SIGINT problem since failure to include them or failure to negotiate them at an early date could materially impair the support of SIGINT facilities.

25X1A2g

The lack of specific provision for [REDACTED] was also discussed.

25X1A2g
& NSA 25X9

The NSA Member pointed out that certain portions of the report would have to be revised to more adequately cover the phasing of negotiations. NSA would be able to do that part of the rewrite, but on other aspects of the problem NSA did not have adequate information, and Members would have to make detailed contributions.

The Navy Member was charged with providing NSA with an annex to cover [REDACTED] and the Air Force Member charged to provide annexes on the three problems he referred to.

25X1A2g

& NSA 25X9

NSA is to present a consolidated report for Joint Committee consideration on Friday, 26 January 1962.

Views expressed by both the State Department and Air Force Members indicate there is a high degree of urgency to proceed with negotiations at an early date. Members expressed the hope that the meeting on 26 January 1962 will result in a recommendation which can be considered by USIB the following week, probably on 31 January 1962.
